PROFESSIONAL EXPERIENCE

UI/UX Designer, Hold.co - Design Agency.

Jan 2023 - Present

- Designed intuitive interfaces for Retreat Compass, a B2C platform similar to Airbnb, streamlining the booking process and enhancing user engagement. This resulted in a 25% increase in booking conversions and a 15% improvement in user satisfaction ratings.
- Created a user-centric gaming platform that enables users to level up with professional boosters by streamlining navigation for seamless experiences and achieving a 20% increase in user retention and a 30% reduction in support tickets.
- Developed a brewing platform showcasing popular beers and local breweries. Utilized interactive graphs, charts, and maps for data visualization, enhancing user engagement and navigation. Achieved a 40% increase in user interactions with breweries and a 25% rise in user-generated beer reviews.

UX Design Intern, BitHyve Limited.

May 2022 - Nov 2022

- Created a user-centric Bitcoin wallet with a friend and family feature, integrating responsive design and effortless user interactions. Achieved a 30% increase in Bitcoin mass adoption, promoting financial inclusion.
- Prototyped and created a 100% decentralized Fintech feature, facilitating third-party payments, encrypted messaging, and collaborative multi-sig wallets.
- Conducted usability testing on the current version of the Hexapay application to assess user experience. Based on the results, refined the design by enhancing the design system, leading to a 20% increase in user satisfaction.

Product Design Intern, AIESEC in Lagos.

Sept 2020 - Oct 2021

- Directed the product's design strategy, orchestrating user research, personas, journey maps, wireframes, prototypes, and visual designs. This approach yielded a substantial 20% increase in user sign-ups.

UI/UX Design Intern, Newport Global Solutions.

June 2020 - Aug 2020

- Collaborated with the Software Engineering team to design 'to-be' scenarios, wireframes, interactive prototypes, and information architecture for the Birth a Child campaign. This comprehensive approach led to a substantial boost in user engagement.
